PROFESSIONAL SUMMARY

Full Stack Developer specializing in the MERN stack with hands-on experience building responsive, performance-optimized web applications. **Skilled in building scalable front-end interfaces using React.js and implementing RESTful APIs using Node.js and Express.js.**

TECHNICAL SKILLS

Front-End Development

- **HTML5 & CSS3 (7 years):** Semantic markup, Flexbox, CSS Grid, responsive/mobile-first design.
- **JavaScript (ES6+) & React.js (7 & 3 years):** Component-driven architecture, Hooks, Redux (state management), React Router, and fundamentals.
- **Tailwind CSS & Bootstrap:** Utility-first styling, rapid prototyping, and consistent design systems.

Back-End Development

- **Node.js (1 year) & Express.js (1 year):** RESTful API, middleware, auth concepts.
- **MongoDB (1 year):** CRUD, schema design, MongoDB Atlas, Compass.

Cloud

- **Git & GitHub (3 years):** Branching strategies, pull requests, code reviews, release tagging.
 - **Deployment:** Vercel/Netlify (frontend), Render(backend), MongoDB Atlas hosting.
-

PRIMARY RESPONSIBILITIES HANDLED

- **Develop and Maintain Web Applications:** Utilize React.js and Node.js to build and maintain responsive web applications.
 - **Implement Responsive Designs:** Ensure applications are optimized for various devices and browsers.
 - **Optimize Application Performance:** Identify and address performance bottlenecks to enhance user experience.
-

Tech Support from the Company

Company	Frontend Skills	Backend Skills
AparSoft Solutions	<div><div></div></div> (80%)	<div><div></div></div> (20%)
Mildain Solutions LLP	<div><div></div></div> (90%)	<div><div></div></div> (10%)
Aptron Solutions	<div><div></div></div> (100%)	<div><div></div></div> (0%)

WORK EXPERIENCE

AparSoft Solutions | Full Stack Developer

Dec 2024 – Continuing...

- Develop and maintain scalable, high-quality web applications using core JavaScript and modern frameworks.
- Collaborate with backend developers and designers to implement features.
- Write clean, efficient, and well-documented code.
- Ensure cross-browser compatibility and optimize for performance.
- Troubleshoot and debug issues in existing applications.
- Stay up to date with the latest trends and best practices in JavaScript and web development.

Mildain Solutions LLP | Project Lead

Aug 2021 – Nov 2024

- Led the end-to-end development of **15+ responsive websites**, emphasizing **Core Web Vitals** optimization.
- Architected **MERN-stack solutions**: built React front-ends with Hooks/Redux, designed Express.js + MongoDB RESTful APIs.
- Mentored a team of 3 junior developers: conducted weekly code reviews, led knowledge-sharing sessions on modern technologies.

Aptron Solutions Pvt. Ltd. | Website Developer

Oct 2015 – Mar 2020

- Designed, developed, and maintained **3 corporate websites**, focusing on responsive/mobile-first architecture (Flexbox, CSS Grid) and SEO optimization.

- Created custom **email templates & newsletters** for digital marketing campaigns.
-

Other Roles (Freelance & Contract)

- **Technical Content Writer** (2011 – 2014): Produced SEO-optimized articles, tutorials, and case studies on web technologies—boosted client site traffic by 40 %.
 - **Technical Support Specialist** (2004 – 2010): Provided Tier 2 support for international BPO clients, resolving software/hardware issues with 98 % first-contact resolution.
 - **Hardware Technician** (2001 – 2004): Assembled and maintained workstations and server racks for IBM corporate clients in Delhi NCR.
-

EDUCATION

Bachelor of Computer Applications (BCA) | Sikkim Manipal University

Completed: 2010

Bachelor of Science (B.Sc.)

Completed: 2000
